

AQUAVIVE HOUSEBOAT 1500 - NEW

The AquaVive is a floating house that combines the luxury of a holiday house with the mobility and freedom of a ship. An unique concept for a sustainable stay on and at the water. The AquaVive mooring places are located throughout the Netherlands. Water, power and wastewater can easily be connected by means of a Plug and Play System. The AquaVive is not meant to use as a cruiser to sail throughout the Netherlands. It is meant to sail to wonderful locations for a different horizon. A perfect outcome for water sports enthusiasts, (city) nature lovers and people looking for peace and space.

Lay-out

The AquaVive offers a spacious living area and is suitable for 4-6 persons. Perfect for a family with kids or a couple who likes to invite guests. The AquaVive has a spacious living room with fantastic view of the water. A glass sliding door offers access to a cosy terrace. The fully equipped open kitchen offers all kinds of modern conveniences. The AquaVive has three separate bedrooms, the master bedroom offers straight access to the (rear) terrace. Luxurious bathroom with walk-in shower with thermostatically controlled tap, bathroom furniture and design radiator. Toilet with fountain and mechanical ventilation. This complete AquaVive offers maximum living comfort.

The AquaVive is the perfect investment for anyone who wants to enjoy comfort and experience on and at the water. AquaVive Boats have a CE-C or D inspection and are officially a ship. Due to the construction formula and CE-standard a construction formula is not required and the AquaVive can lay against the natural strip. Due to its green character the AquaVive is sustainable, maintenance-friendly and extremely energy efficient. It makes the AquaVive a very interesting and valuable investment you can enjoy carefree.
