

## ARTIC 727 HALF CABIN

This beautiful Artic 727 Half Cabin combines a tough and robust appearance with perfect sailing characteristics and solid luxury. This fast sloop is propelled by a 150hp Yamaha in a bun which makes long distances at sea and water skiing no problem at all. Thanks to the spacious round seat with luxurious upholstery and refrigerated drawer, this boat also offers a lot of comfort for long day trips on the Dutch inland waterways. In the forecabin there is a large space where all cushions can be stored and a toilet can be placed if necessary.

This robust and luxurious sloop is completely made of aluminum and built at one of the best aluminum builders in the Netherlands: KD Workboats. Here the sloop is fully equipped with all conceivable options including a bow thruster, Vesselview screen, flexiteek, bimini, shore power connection, wireless phone charger, refrigerator drawer, etc. Thanks to the self-draining cockpit, flexiteek deck and powder-coated aluminum, the boat is low maintenance.

## DETAILS
