

LILYBAEUM LIPARI 31

Meet the all-new Lipari 31! This Lilybaeum follows the same philosophy and elegant lines as the now famous Levanzo 25 but features extra space. For example, the Lipari 31 is characterized by a windward bow which allows the boat to sail completely dry, even with lots of wave action, and a stable underwater hull. This Lilybaeum can be equipped with engines of up to 700 hp and reaches a top speed of 45 knots. Standard features include an electric windlass, luxurious upholstery, Flexiteak on the gangways, an electric toilet under the console, a stern shower, etc.

There is a round seat in the bow and a generous sun bed in the back of the cockpit. The "wet-bar" is equipped with a sink and has room for no less than two cowl cabinets and even a stove. At the rear of the console is the entrance to the wet-bar with standing height, electric toilet and sink. Forward is the possibility for double bed.

This Lipari 31 is available with 2x 250hp for € 258,000 including VAT. Ask our brokers for more information.
