

MULDER FAVORITE 1700

This beautiful Mulder Favorite 1700 is the epitome of timeless elegance, perfect cruising characteristics and the highest level of finish imaginable. Thanks to the spacious layout, this boat has a very spacious owner's cabin with its own wet cell and two spacious guest cabins with a wet cell as well. The spacious dinette and generously equipped kitchen are located in the heart of the ship and thanks to the chic combination of timeless colors and high-quality materials, this creates a cozy atmosphere. The entire interior was designed by the renowned marine interior designer Vickers who is particularly well known in superyachts.

In the bright and spacious wheelhouse there is a round seat and thanks to the sliding window and door this space is connected to the cockpit. Also located here is the steering position where the captain has a good view of the entire ship. Furthermore, the entire roof can be opened electrically. In the cockpit there are several seating areas as well as an outdoor kitchen. Via two gangways it is easy to get to the swimming platform where the Williams dinghy is located under an electrically operated hatch. This ship is propelled by two Cummins engines of no less than 543 hp each with which this Mulder achieves a top speed of 22 knots. This in combination with a streamlined underwater hull, special sound insulation and the gyrostabilizer ensure excellent sailing characteristics for both fast sailing and slow cruising.

This ship is on location in Heeg and can be viewed by appointment (built 2016,

delivered 2017).

DETAILS

Brand / model	Mulder Favorite 1700
Category	Motor yacht
Price	€ 2.290.000
