

PROLINER 1500

This beautiful Proliner 1500 is in excellent condition and is very well equipped and generously laid out. The spacious aft deck and the convenient steering position are located under a tent that can be easily unzipped, making open sailing on sunny days as well as closed sailing no problem at all. The helm is equipped with stabilizers, raymarine chartplotter, radar, autopilot speed and depth gauge and bow and stern thruster. The windows fold down, limiting the minimum headroom to only 2.98 meters. Inside is a generous round seat and dinette with plenty of light. The open and spacious galley is equipped with a 4-burner induction cooktop, combination oven and plenty of refrigerator space.

In the rear is the owners cabin with lots of storage space, desk and has a walkthrough to the private spacious wet room with shower stall, electric toilet and sink. In the hall is the laundry room with washer-dryer combination. In the front there are two cabins: one cabin with two separate bunk beds and one cabin with a generous double bed. Also located here is a second wet room with an electric toilet, shower and sink.

This ship is located in a 19-meter ship house with garage in Heeg. This ship house can be bought together with the boat.
